SHEDS AND SUMMERHOUSES

IN STOCK AND SPECIAL ORDER

Man cave, playhouse, summer retreat, tool store - whatever you need your garden building for, our sheds and summerhouses are the answer.

Choose from a large range of designs, all built to last.

OAKLEY GARDEN & EQUESTRIAN BUILDINGS

Looking for a stunning garden office or summer house?

Oakley have the answer for you.

For over 3 decades, Oakley's timber building specialists have produced and installed a range of high quality, bespoke, handcrafted equestrian & fine timber buildings all over the UK and are now available in Guernsey from Norman Piette.

Made to measure, working to your exact specifications, their entire product range is hand made by a talented Hampshire based team, who transform quality sustainable wood into beautiful and original outbuildings.

They can be fully insulated and floored how you wish; so whether it's a gym, office or studio, it stands up to the task.

All Oakley designs are customisable with plenty of additional features to choose from. They provide professional CAD drawings either as originals or as a previously used template.

FENCING

Liven up your landscape by adding fencing for privacy, structure and style.

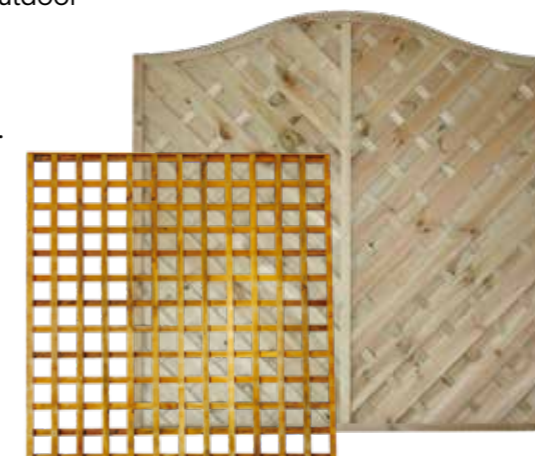

The simplest and quickest solution to defining borders, fencing can also be used to create outdoor rooms and conceal unsightly areas and objects such as oil tanks and compost bins.

There's a wide range available to suit every budget and every style, from cottage garden to ultra modern.

TAFS Fencing have been established for over 40 years and use only the highest quality, responsibly sourced sustainable materials and work to the highest standards.

Don't forget we stock everything you'll need to put up and complete your new fence including posts in various sizes, gravel boards, post caps and finials.

Plus a wide range of stains and paints to let you customise it to match your individual garden style.

NEW: ARBOR FENCE

ArborFence combines the appearance of traditional wood fencing with the durability of composite – meaning painting, staining and replacing parts are a thing of the past.

ArborFence products are available in three beautiful colours – light grey, dark grey and dark brown – with an attractive brushed surface finish. Plus, with ultra-violet resistance meaning it minimises fade from sun exposure as well as the promise of a low maintenance yet long lasting solution, you can enjoy ArborFence for years to come.

SOFTWOOD DECKING

Softwoods offer an exceptionally cost effective, flexible decking material.

Available in a smooth or grooved finish, they can be stained or painted for a unique, long lasting finish.

PORCELAIN PAVING

Porcelain is an extremely hard wearing product, which is scratch and abrasion resistant, making it ideal for pathways, patios and driveways.

- It is slip resistant due to very low moisture absorption
- It is highly resistant to severe weather changes including heat, frost and cold
- Porcelain is not affected by sunlight or natural weather conditions so retains its colour and will not fade.
