

Powersheds®

—
Powerfully
Simple

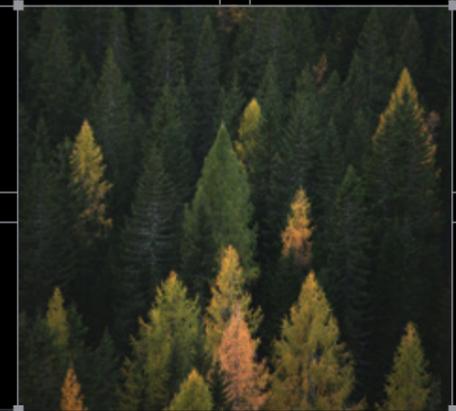

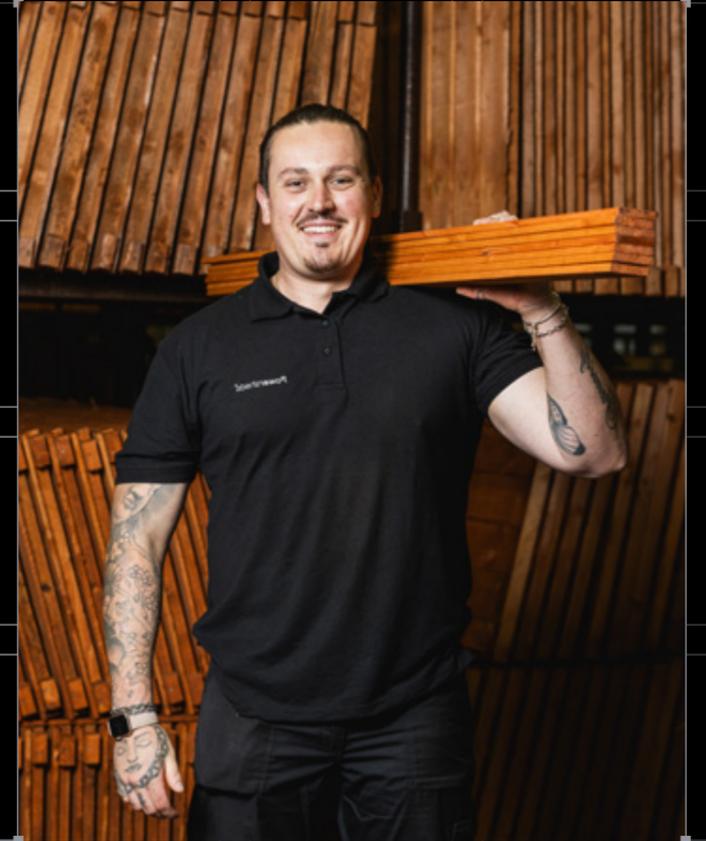

We've made choosing, buying and assembling high-quality sheds powerfully simple.

By combining genius craftsmanship, superior materials, fast delivery, and excellent service, we've created the most satisfying shed experience... from start to finish.

It shouldn't be innovative. But it is.

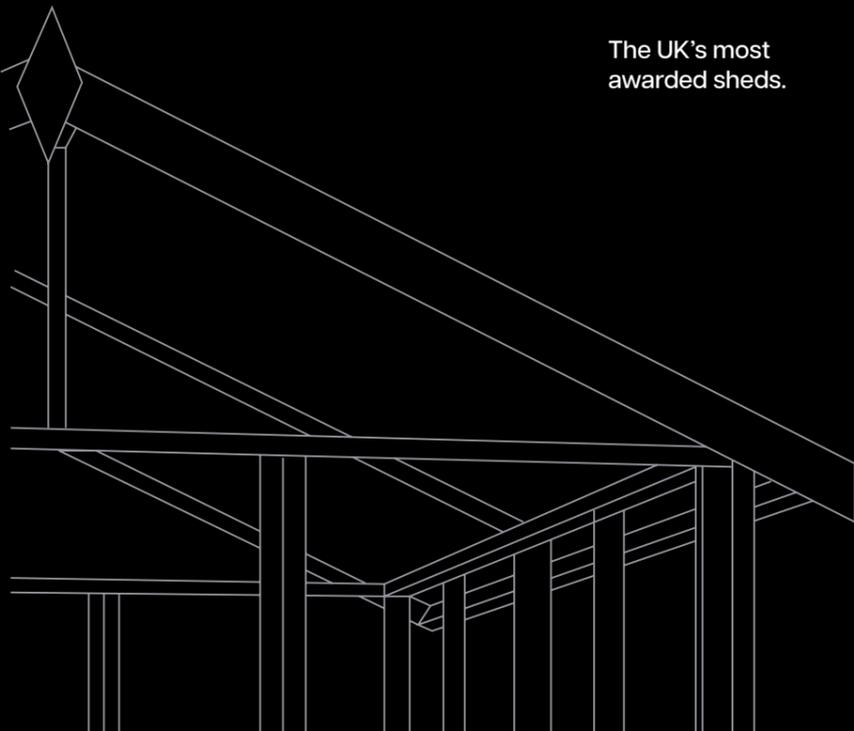

Introduction

A lot of work goes into developing and manufacturing our products. So, we're extremely proud that our sheds are the UK's most awarded.

The UK's most awarded sheds.

Collections**08 Garden sheds**

Our original range of high quality, fully adaptable garden sheds.

16 Premium sheds

Take it to the next level with our premium range - stronger, sleeker, and even more powerful.

24 Log cabins

Strong, easy-to-build log cabins that, with the right care, can last a lifetime.

32 Storage sheds

From bike sheds to tool sheds, our windowless storage sheds provide plenty of space to keep your belongings safe.

40 Summerhouses & potting sheds

Perfect for those looking to maximise the use of the sun.

48 Beyond the shed

Gazebos, pergolas and decking.

54 Build and adapt

Everything you need to install and upgrade your garden building.

58 Customer Support

From purchase queries to assembly advice.

01 Our products

Garden sheds.

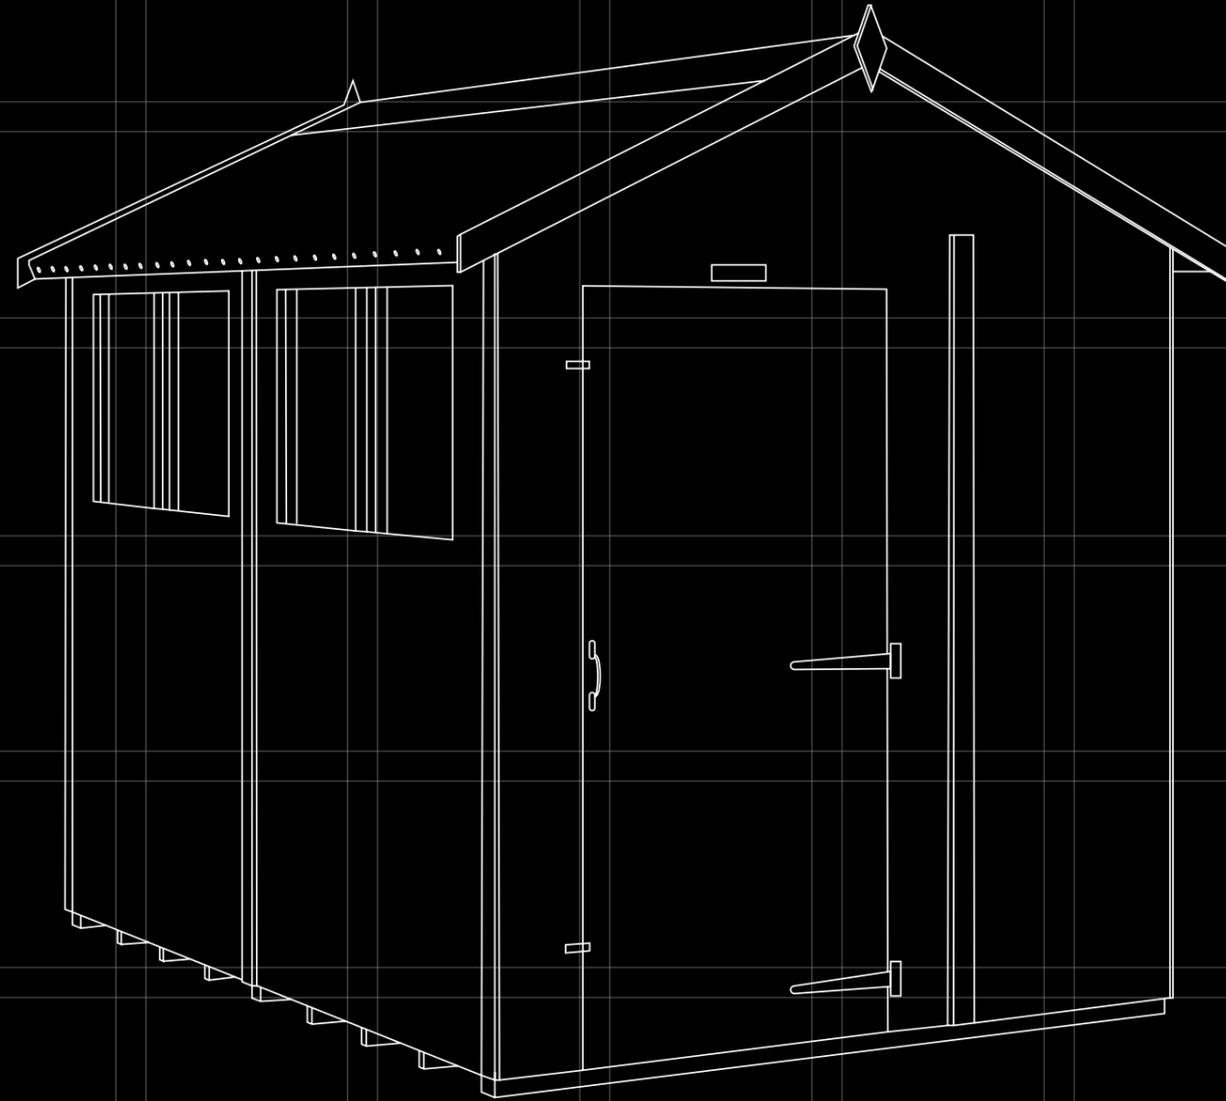

Our garden sheds are fully adaptable. Choose single or double doors, add windows (or not), and place them exactly where you want as you build to fit your space perfectly.

Garden sheds

Original shed features.

Our original sheds are anything but standard.

10-year guarantee

Guaranteed for 10 years against timber rot, decay or insect infestation. But expect it to last 25.

Adaptable configuration

Place the windows and doors exactly where you would like them.

“ ”

“Excellent website, very easy to order a shed. We were informed of delivery date, and when the shed arrived on time, the driver rolled the pallet into position. Having checked the parts list, everything had been delivered - and the panels looked in excellent condition.

By following the excellent video guide, we now have a very high quality, strong shed, which will last for many years. It took 2 amateur DIYers to construct, but we are delighted with the result.”

Jules - Customer

High-grade Scandinavian timber

Our garden sheds are made from high quality, sustainably sourced timber.

Structurally solid

Heavy-duty framing and robust roof truss support for added durability.

Advanced preserver

Special formula with wax additive, for year-long timber protection.

Galvanised ironmongery

Protected from rust and other damage to make your garden shed last longer.

Toughened glass

500% more resistant to heat and shock than ordinary glass.

High-performance felt

Resistant waterproofing that's also tear-proof.

Tongue and groove cladding

Strong and sturdy 12mm T&G throughout, including the roof and floor.

Corner bracing

Internal corner bracing to maximise sturdiness.

Apex shed

The Apex features a timeless shaped roof, for those who need the extra headroom.

SIZES

Available in a range of sizes, from 4x4 to 20x10.

Scan QR code for more

ADAPTABLE CONFIGURATIONS

Single door Double door Windowless Windows

Pent shed

The Pent is a super-sleek shed with a single sloped roof, ideal for storage.

SIZES

Available in a range of sizes, from 4x4 to 20x8.

Scan QR code for more

ADAPTABLE CONFIGURATIONS

Single door Double door Windowless Windows

Other garden sheds

Crafted with the same high quality materials as our original Apex and Pent sheds, these designs come with additional features to match your specific needs.

Security shed

Featuring a robust 5-pin cylinder lock and secure postbox windows to keep your valuables safe and intruders out.

SIZES

Available in a range of sizes, from 4x4 to 20x10. Scan the QR code for options.

Available in Pent and Apex

Pub shed

The perfect entertaining space for your garden, complete with hatches for when your pub is closed.

SIZES

Available in a range of sizes, from 4x4 to 12x4. Scan the QR code for options.

Corner shed

Designed with five sides to fit neatly in a corner, helping to maximise your garden space.

SIZES

Available in 6x6. Scan the QR code for options.

02 Our products

Premium sheds.

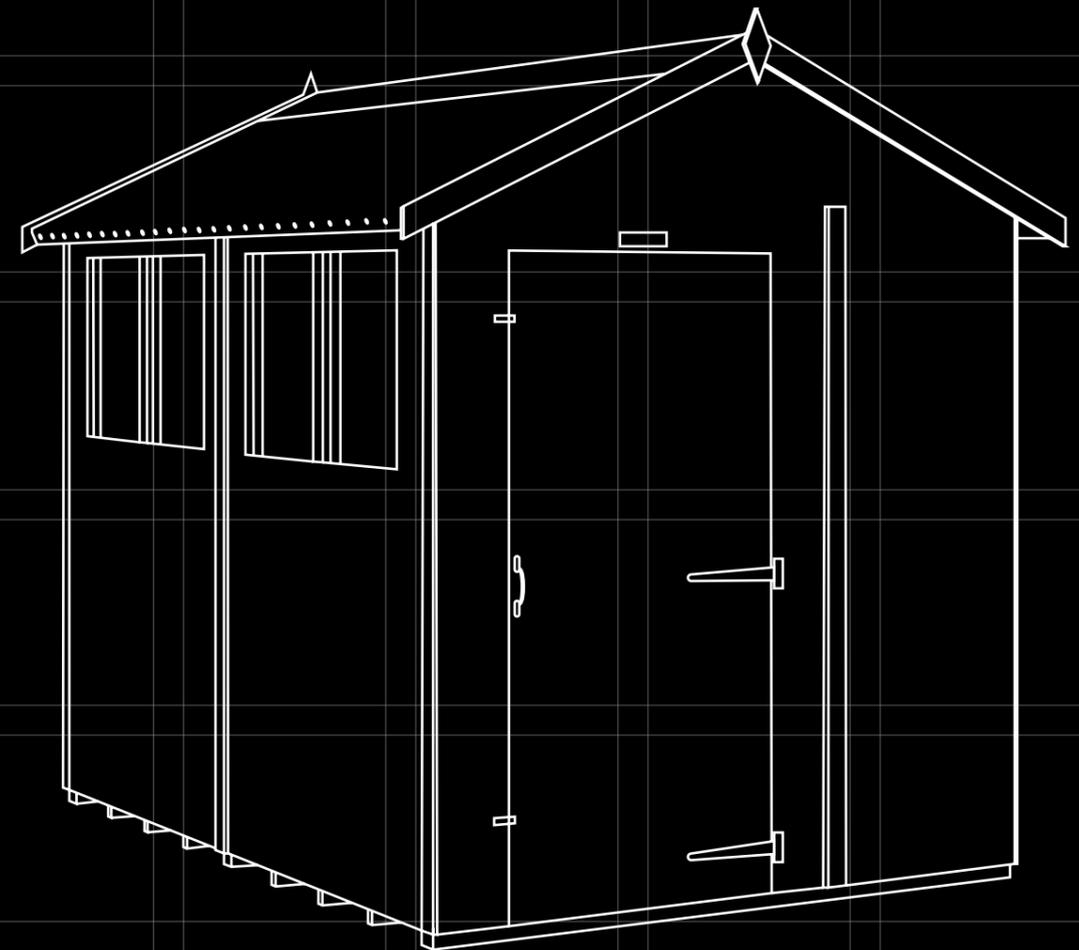

When you need a bit extra, our premium range offers the same trusted quality with even more powerful features.

Garden sheds

Premium shed features.

Our premium range includes exclusive features, from ultra heavy-duty framing and high-security locks to pressure treated timber, ensuring enhanced strength, security, and even longer-lasting durability.

Extended guarantee

Guaranteed for 20 years against timber rot, decay or insect infestation.

Adaptable configuration

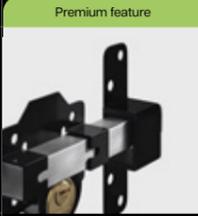

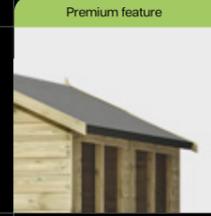

Place the windows and doors exactly where you would like them.

“ ”

"Purchased a premium garden shed and was delighted with the service from beginning to end. The office staff answered all my questions, and the delivery went ahead on the date I picked with no problems.

My shed was put up in under a day and looks fantastic! The instructions and video were incredibly useful. Would absolutely recommend this company to anyone!"

Brandon - Customer

03 Our products

Log cabins.

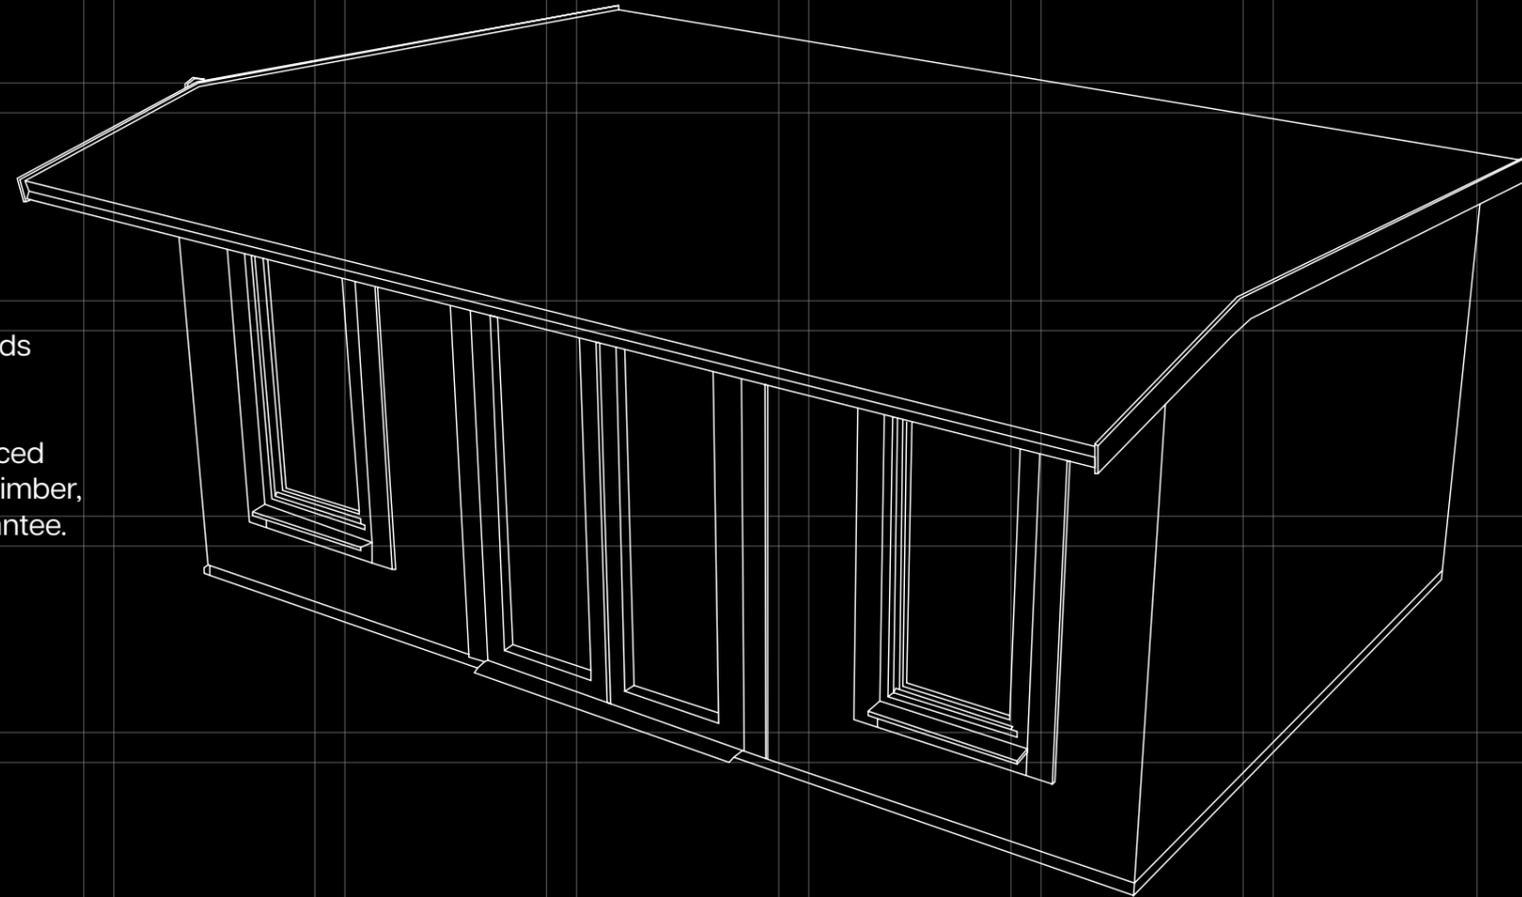

Transform your outdoor space with our easy-to-assemble, fully adaptable log cabins. Quick to build and under 2.5m tall, they typically don't require planning permission.

Our products

Log cabin features.

Every detail of a Powersheds Log Cabin is crafted with superior quality materials, including sustainably sourced high-grade Scandinavian timber, backed by a 10-year guarantee.

10-year guarantee

Guaranteed for 10 years against timber rot, decay or insect infestation. But expect it to last 50.

Long-lasting protection

We include a complimentary 5L container of premium, exterior wood preserver with every cabin.

“ ”

“Ordered a 14ftx10ft log cabin, communication was great from start to finish. Top quality product with absolutely everything you need to construct it (apart from tools). Delivery driver was amazing and could not have been more helpful.”

Scott - Customer

High-grade Scandinavian timber

Our log cabins are made from high quality, sustainably sourced timber.

Easy assembly

Designed for easy assembly, complete with clear instructions, helpful videos, and all necessary fixings included.

Attention to detail

Burford-style skirting with a 19mm thick floor for warmth.

Easy access

Low door sills for easy wheelchair and bike access.

uPVC doors and windows

Double glazing with a 'tilt and turn' opening for extra security and insulation.

High-performance roof

Long-lasting, waterproof EDPM rubber with gutter edge drip plate.

High security

5-point locking mechanism on all doors and windows.

Perfect height

Under 2.5m for ample headroom and unlikely to need planning permission.

Apex log cabin

The Apex roof slopes from front to back, providing ample headroom and allows water to efficiently run off.

Support

Quality without compromise.

We are committed to sustainability, sourcing only high-grade, slow-grown timber and using 100% of the log, so nothing goes to waste. And for every tree cut down, we plant three more.

What's more, our sheds and cabins are delivered on recycled pallets, with no unnecessary packaging. It's simple, really.

100% of log used

99% packaging free

80k pallets recycled annually

We take pride in our craftsmanship, attention to detail, and customer-first approach. Whether you're looking for expert advice, personalised recommendations, or fast and friendly service, we're always ready to help you bring your outdoor space ideas to life.
